## 4. Maintenance

### (1) Upholstery Care

Daily Cleaning: Remove daily dirt and grime from the table with a mild soap and warm water solution, and dry with a soft lint-free cloth.

Disinfecting: Disinfect the table as required, with an iso propanol based hospital grade disinfectant cleaner (approved for use on polyurethane vinyl).

### (2) Stain Removal:

Some minor stains can be removed with a mild non-abrasive cleaner. Spray a damp cloth with cleaners and gently wipe to remove stain, rinse thoroughly with warm water, and dry with a soft lint-free cloth. More stubborn stains may require professional cleaning.

(3) **Note:** Never use harsh or abrasive cleaners or chemicals to clean the table. Doing so may damage the upholstery. Avoid using any protectants, as they may harm the vinyl.

### (4) Iron Care

Your massage table is made of select metal and is finished with chrome that requires no special care. If desired, you may clean occasionally with a metal care product. Keep the table dry, and avoid exposure to wet or humid environments, Should the table get wet, quickly and thoroughly dry with a soft cloth.
